

DIFFERENT OCCUPATIONS

(Chapter 16)

Note comments and study notes on in ...

[Marathi]
Occupation = व्यवसाय
(Vyavasaya) / काम
Work done for money

Definition: Any work done to earn money is called an **Occupation**.

People choose jobs based on:

- Skills
- Education

Ullave to the an!

Man, It's million handle by Man.

Dad says we can do any work if we study well!

1. FARMING (SHETI)

Definition: Growing crops + Rearing (keeping) animals.

Location: Main occupation in **Villages** (India).

Goal: To earn money.

Exam Tip:

Remember: Farming
is NOT just crops.
It includes animals
too!

[Marathi] Many people in Indian villages depend on farming (शेती).

Types of Crops

Imp!

Farmers grow different types of crops:

- Wheat & Rice (Food grains)
- Sugar cane
- Tea & Coffee
- Oilseeds
- Fruits & Vegetables

Study this!
? ? ?

MEMORY TRICK: T-CROWS

T - Tea

R - Rice

W - Wheat

C - Coffee

O - Oilseeds

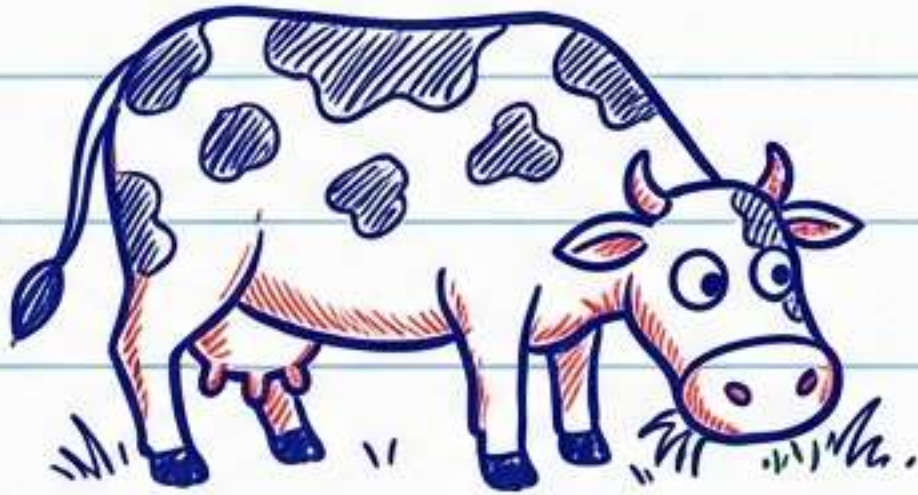

S - Sugar cane

Animals on Farms

DAIRY FARMING

Animals: Cows, Goats, Buffaloes.

Products: Milk, Meat, Fibre.

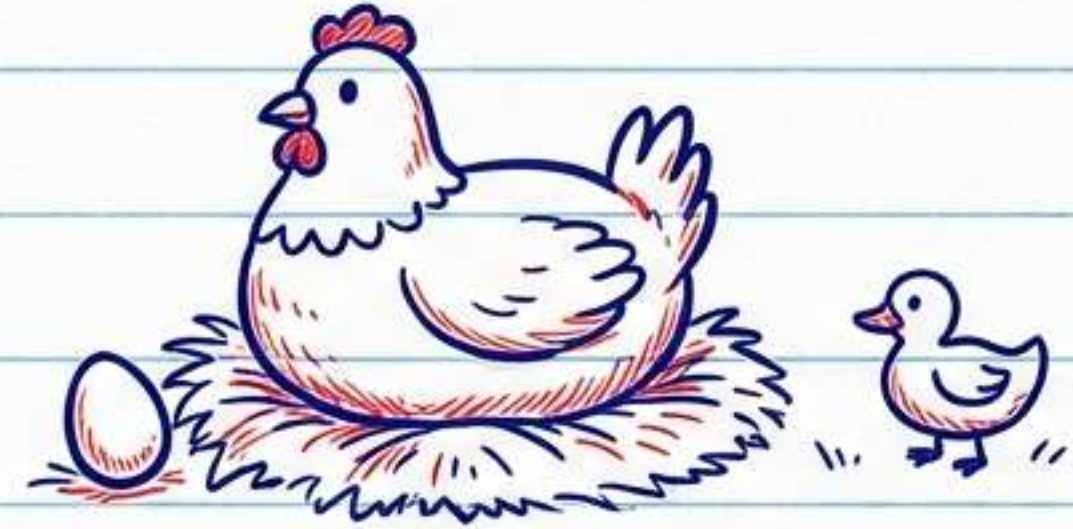

[Marathi] Dairy = Relating to milk
(दुग्धव्यवसाय).

POULTRY FARMS

Animals: Hens, Ducks, Geese.

Products: Eggs, Meat.

Poultry
Hens, Ducks,
Eggs?

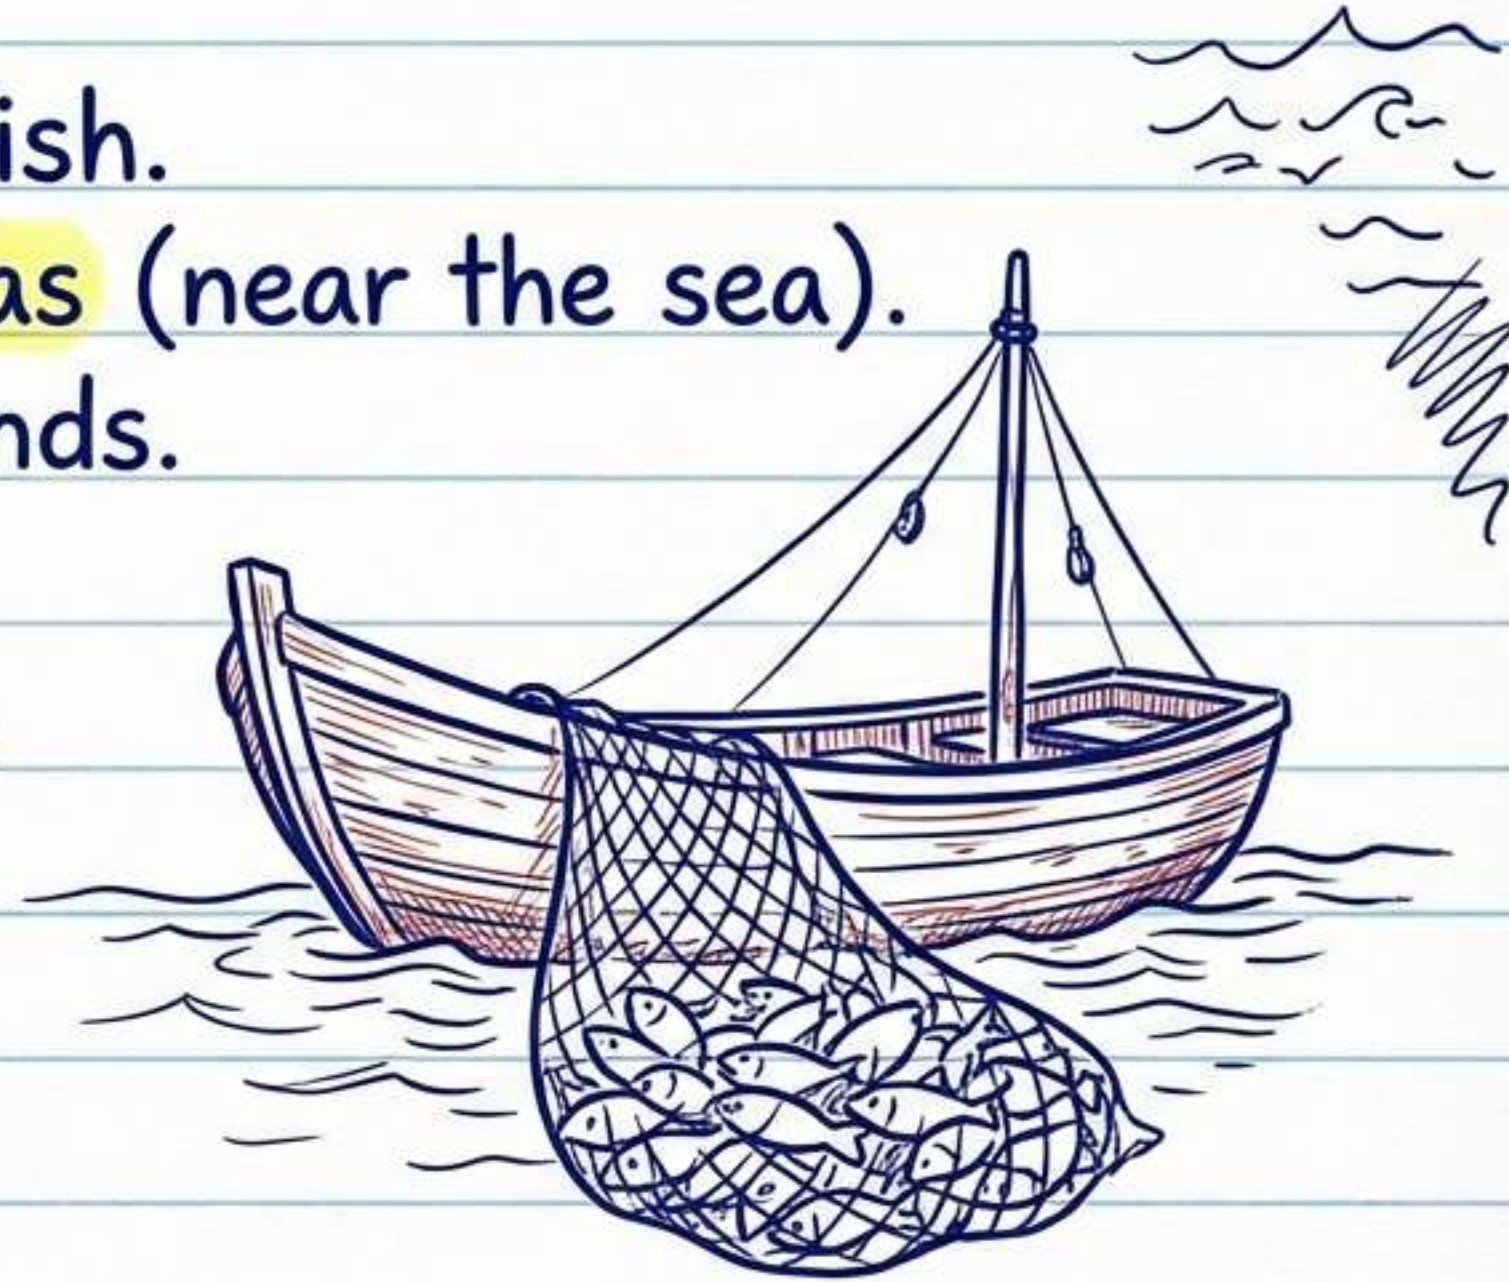

2. FISHING

Definition: Activity of catching fish.

Main Occupation: In Coastal Areas (near the sea).

Other Sources: Rivers, Lakes, Ponds.

Fish is an important food source and is also exported to other countries.

[Marathi] Coastal Area = किनारपट्टी (Kinarpatti).
People near the sea catch fish.

3. FORESTRY

Many parts of India have dense forests. People collect products to earn money.

- Wood
- Gum
- Honey
- Rubber
- Herbs (Medicinal)

Common Mistake: Forestry here means collecting things, not just cutting trees!

4. MINING

The process of getting minerals out of the ground by digging.

Location: Areas rich in minerals (Iron, Coal, Copper, Petroleum).

[Marathi]
Mining =
खाणकाम
(Khankam).

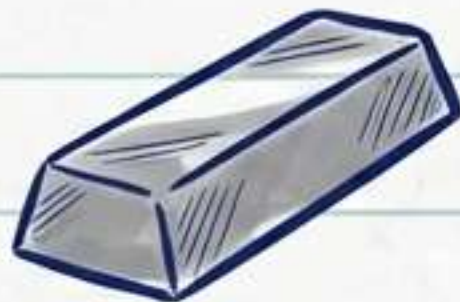

Digging deep
into the
earth.

WHY DO WE MINE? (PRODUCTS)

We extract **metals** from **minerals** to make things we use every day:

Mineral

Metal

Machine

- **Machines**
- **Wires**
- **Buses & Cars**
- **Bicycles**
- **Jewellery**
- **Venilet**

Exam Tip: Remember 'Petroleum' is also found via mining!

5. OTHER OCCUPATIONS (CITIES)

In cities/towns, people work in offices, showrooms, hospitals, and malls.

☆ **FACTORY:** A place where Raw Materials are converted into useful Products.

[Marathi]

Raw Material → Factory → Finished Product
(कच्चा माल) (पक्का माल).

Business vs. Profession

Self-employed
vs. Service!

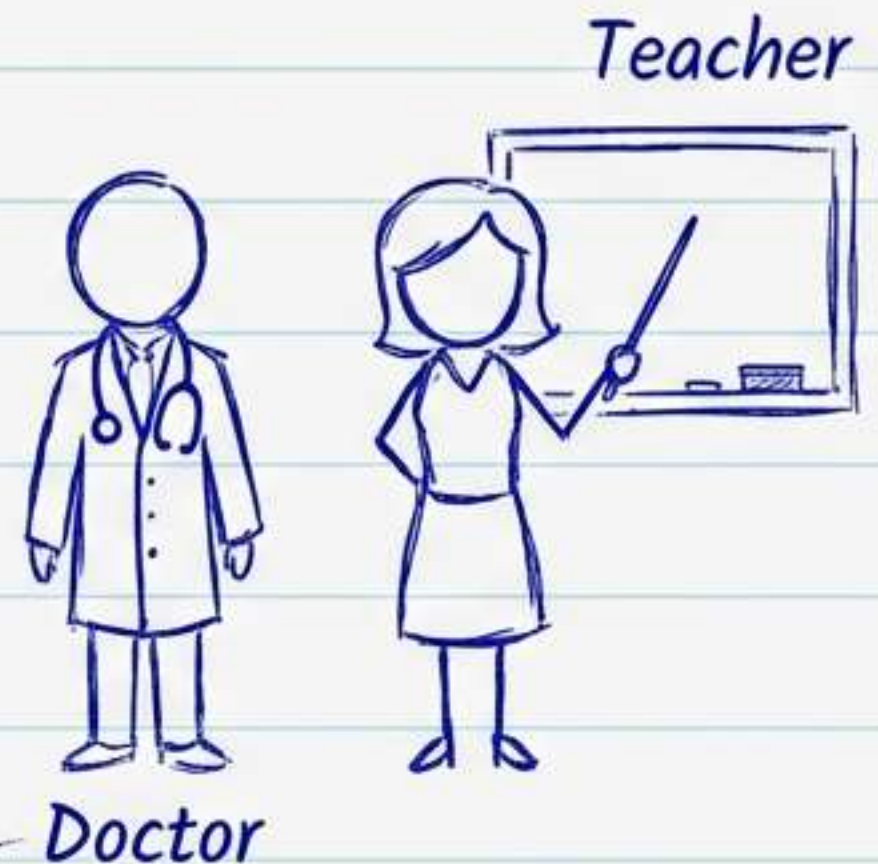

1. Businessmen

- People who run their own businesses.
- Examples: Owners of shops and factories.

2. Professionals

- People who provide specific services.
- Examples: Doctors, Lawyers, Teachers, Pilots, Actors, Dancers.

Doctor

Teacher

Skill-based!

Skilled Workers

People who have special skills to make products.
They sell these products in the market.

- Pottery making (Potter)
- Jewellery making (Goldsmith)
- Wood carving (Carpenter)
- Electricians

RECAP: MIND MAP

Work depends on education & skills!

EXAM CORNER (Test Yourself!)

A⁺

Q1. Who keeps animals like cows & buffaloes for milk?

(a) Fishermen (b) Miners (c) Dairy Farmers (d) Potters
